GRAND DUKE ATTEMPTS TO ASSASSINATE RUSSIAN CZAR

According to Dispatch Nicholas Was Wounded in the Hand

MANCHURIAN ARMY REPORTED TO BE ENTIRELY BEYOND CONTROL

Czar Abolishes Martial Law in Poland—Letter Delivery Stopped by Strike in St. Petersburg—Government Intends to Mobilize 450,000 Cossacks—Financial Crash Feared.

(Bulletin.)
Berlin, Dec. 1.—The St. Petersburg correspondent of the Zeitung wires today that one of the grand dukes of the imperial family attempted to assassinate the czar, intending to sacrifice Nicholas rather than tolerate the introduction of a constitutional government. According to the dispatch, the czar was wounded in the hand. It is believed it was Grand Duke Vladimir.

Army Beyond Control.
(Bulletin.)
Manchester, Eng., Dec. 1.—The St. Petersburg correspondent of the Guardian today says a report has been received there from a trustworthy source that the Manchurian army is now entirely beyond control of the officers, and that a fierce mutiny has broken out.

Reacting in Germany.
Berlin, Dec. 1.—Revolutionary events of Russia are reacting on Germany. The Socialists have decided to imitate popular agitation in opposition to the government's proposals for increased taxation. The Socialist leaders intend to issue a manifesto urging the workmen to follow the example of the Russians and strive manfully for freedom. The government is resolved to sternly crush any subversive movement.

Letter Delivery Stopped.
(Bulletin.)
St. Petersburg, Dec. 1.—The czar today signed the manifesto which abolishes martial law in Poland. The strike has now affected the postal facilities here and the delivery of letters was stopped today.

To Mobilize Cossacks.
(Bulletin.)
London, Dec. 1.—A dispatch from St. Petersburg today says the government intends to mobilize all the Cossacks, numbering 450,000.

Financial Crash Feared.
St. Petersburg, Dec. 1.—Fears that a great financial crash is overtaking Russia is increasing. Financiers are

BROKEN HEART

Causes Death of Convicted Woman—Says She Suffered for Him.

Springfield, Ill., Dec. 1.—Protesting her innocence of the crime she confessed committing to save her husband from prison, Mary Terry died of a broken heart in Joliet penitentiary Thanksgiving evening, accused of murdering a little girl, Lena Granberry, two years ago. She suspected her husband and the girl of intimacy. Mary confessed the crime after her husband was arrested. On leaving the stand to enter Joliet she pleaded with her husband to remain true until her release. Terry married shortly afterward. The woman then declared her husband had committed the crime.

OLDEST UNMARRIED WOMAN IN AMERICA

Kokomo, Ind., Dec. 1.—Eliza Williams, the oldest unmarried woman in America, died here this morning aged 101. She was born in Pennsylvania Nov. 1, 1804, and remained single to care for her mother.

unable to stop the drain which has been proceeding the past week, and the country is dangerously near the bottom of the ready money supply. Practically nobody is willing to buy government bonds. Everybody holding them is anxious to sell.

Communication Stopped.
New York, Dec. 1.—The Commercial Cable company today issued the following bulletin:
"We are advised that delivery of messages at St. Petersburg has been again stopped and communication with Finland interrupted."

FAINTS AT ATROCITIES

American Jockey Tells of Fighting in Moscow.

New York, Dec. 1.—The American jockey, John Hoar, who has been riding in Moscow, St. Petersburg and Warsaw, for a Russian prince, returned yesterday aboard the North German Lloyd steamship, Frederick der Grosse, and declared that he would not go back to Russia for all the money in the world. He said:

"While I was waiting for my train outside the railroad station at Moscow, looking up the main street, a parade headed by music, turned a corner and came into the street. The paraders tried to force spectators on the sidewalk into the parade, and several policemen interfered. There were shots and I saw three men, one a policeman, lying dead on the street.

A party of Cossacks galloped into the street. The crowds did not move and the Cossacks charged into them. More shots were fired and two Cossacks fell from their horses and were actually almost torn to pieces by the mob. The other Cossacks attacked the mob furiously, cutting down men and women.

"I saw one drive his sword through the back of a woman. The sight made me faint, and I was carried to the train by friends."

HOUSE BLOWN UP

Douglass, His Wife and Two Children Perished in the Fire.

Weston, W. Va., Dec. 1.—The home of Charles Douglass was blown to atoms last night and Douglass, his wife and two children, were literally torn to pieces and consumed by the fire which followed. The explosion was caused by a valve blowing out of a gas pipe within a few feet of the house, the gas taking fire in some manner.

POOR DEMAND FOOD

London, Dec. 1.—Another demonstration of the unemployed was made in the vicinity of Tower Hill, this afternoon. Several violent speeches were made and the people were urged to march through the streets, but the police refused to let them. A deputation was then named to go to Guild hall and see the distress committee and demand something be done to provide food for the needy. Only one arrest was made.

THREADED NEEDLE CAUGHT ON FORK WITH BITE OF TURKEY

Des Moines, Ia., Dec. 1.—A threaded cambric needle, which Mrs. S. A. Robertson had pinned to her waist, caught on a fork on which she was conveying food to her mouth Thursday and became meshed with the food before the accident was discovered. The needle penetrated its entire length in the rear of the tongue. An operation was performed and the needle removed.

MUCH PROPERTY DESTROYED BY FIRE

Kansas City, Pittsburg, Petersburg and Buenos Ayres Have Big Bazes.

Kansas City, Nov. 1.—The warehouse of the Standard Oil company at Armourdale, Kan., was destroyed by fire, causing a loss of \$75,000. Ten thousand gallons of kerosene and gasoline oil and large quantities of oil products stored in the building were consumed. An explosion of the oil tore down the walls, making the destruction complete. This was the Standard company's principal warehouse west of Whiting, Ind. It was not insured.

Fire at Pittsburg.
Pittsburg, Dec. 1.—A fire which broke out in the five-story building of the Graff Stove and Range company totally destroyed that structure and caused a loss of about \$150,000. The buildings on either side, occupied by the Standard Manufacturing and Sanitary company and Shannon & Sons, wholesale dry goods, were also slightly damaged. Shannon & Sons sustained a heavy loss by water. The cold weather greatly handicapped the firemen.

Four Blocks Destroyed.
Petersburg, Ind., Dec. 1.—Fire destroyed four business blocks in the center of the town, including the W. H. Lemp hardware store, the Read & Snyder hardware store, the Citizens' State bank and Odd Fellows' building. The total loss is \$50,000.

Loss One Million.
Buenos Ayres, Dec. 1.—A serious fire broke out here in a warehouse containing inflammable merchandise, including 100,000 cans of petroleum. The fire is still burning as this dispatch is filed. The loss is already estimated at \$1,000,000.

FALLING FLAGPOLE

Strikes Mother and Child, Both Being Crushed Fatally.
Au Sable, Mich., Dec. 1.—Mrs. Will Ham Gardner and her five-year-old son were killed here in an extraordinary accident. With another woman and the latter's child they were driving when a wheel of their carriage became entangled in a wire attached to a flagpole. Before the carriage could be stopped the pole was pulled over, striking Mrs. Gardner and her child as it fell on the carriage and fatally crushing the heads of both. The other occupants of the carriage escaped injury.

MAYOR McCLELLAN

Thinks Uncle Sam Can Support Half Billion People, Properly Distributed.

New York, Dec. 1.—Mayor McClellan said in the course of his address at the celebration of the two hundred and fiftieth anniversary of the Jewish settlement that he did not share the fear of those who feel that if the enormous immigration of non-English speaking peoples is continued it will menace the institutions of this country. The United States, he declared, needs a vastly greater population and can easily support half a billion people, properly distributed. Said the mayor: "It is our duty to try to prevent congestion in the labor market or to try to distribute the incoming immigrants where they are needed, and not permit them to remain where the labor market is glutted."

RAILWAY RATES

The Most Important Problem That Confronts Congress Which Meets Monday.

Washington, Dec. 1.—Press, public and politicians are pretty well agreed

as to what constitutes the most important problem which the 59th congress beginning Monday, will have to solve. Rate legislation is the one overshadowing issue and an issue clearly defined. The president insists that the power to fix a maximum rate to take effect within a reasonable time must be conferred on some administrative body. His opponents, led by Senator Foraker, are insistent that any additional safeguards to those already provided by law be vested in the courts. Around these propositions, with a merry ringing of the changes the battle will be fought, and as yet victory is too remote to permit of practical prediction. It may be said, however, that the house will readily acquiesce in the Roosevelt program whatever that may be. The real struggle will come in the senate.

LAST OPEN SESSION

Annapolis, Dec. 1.—The final open session of the Meriwether court martial was held this morning. The record of yesterday's proceedings was read and approved. Following the open session, the court was cleared and the conference on the conclusion was resumed. Members of the court think they will reach an agreement today, and a transcript of the findings and record of the testimony will be in the hands of the judge advocate by the end of the week.

SILVER GOES UP.

San Francisco, Dec. 1.—Silver is jumping in price. It is now 65 3/4 cents per ounce. This is the highest price since 1896. Two months ago the quotation was 50 cents. The demand is greater than the supply, the brokers say.

IN BEHALF OF THE HEBREW

President Roosevelt and Other Notables Express Themselves.

GREAT MEETING AT NEW YORK

Two Hundred and Fiftieth Anniversary of the Landing of Jews in America Appropriately Celebrated. Former President Cleveland Among the Speakers.

New York, Dec. 1.—Former President Cleveland, Governor Higgins of New York, Mayor McClellan and others made addresses at the celebration of the 250th anniversary of the landing of Jews in America. The meeting was held at Carnegie hall. President Roosevelt, who was unable to attend, sent a significant letter which was read to the vast audience. Vice President Fairbanks telegraphed his regrets and an appreciation of the Jewish character.

Said Former President Cleveland: "It is time for the unreserved acknowledgment that the toleration and equal opportunity accorded to the Jews of the United States have been abundantly repaid to us. I know that human prejudice, especially that growing out of race or religion, is cruelly inveterate and lasting. But wherever in the world prejudice against the Jews still exists, there can be no place for it among the people of the United States, unless they are heedless of good faith, recreant to the underlying principles of their free government and insensible to every pledge involved in our boasted equality or citizenship."

President Roosevelt wrote: "I am forced to make a rule not to write letters on the occasion of any celebration, no matter how important, simply because I can not write one without either committing myself to write hundreds of others or else running the risk of giving offense to worthy persons. I make an exception in this case because the lamentable and terrible suffering to which so many of the Jewish people in other lands have been subjected makes me feel it my duty as the head of the American people not only to express my deep sympathy for them, as I now do, but at the same time to point out what fine qualities of citizenship have been displayed by the men of Jewish faith and race who, having come to this country, enjoy the benefits of free institutions and equal treatment before the law. I feel very strongly that if any people are oppressed anywhere, it is the Jews; and for it is an spiritual world of others and yet escape unhurt."

In address, then, while the United States, while the millions, have not faith and they have become in the great citizenship, prepared to make country, either striving for the government and of the principal situation."

SEDITION

In Czar's Palace Results in Arrests Among Imperial Guard

A SENSATION AT THE CAPITAL

ATTACK ON EMPEROR AND GRAND DUKES IS REPORTED

Russia All But Cut Off by Strike from Outside World—Battle of Sebastopol.

St. Petersburg, Dec. 1.—The official dispatch announcing the decisive crushing of the great mutiny at Sebastopol and the capture of all the mutineers, including the fanatic commander, Lieutenant Schmidt, has raised a great load from the hearts of Count Witte and his associates in the government. At a protracted cabinet council long and serious consideration was given to an even greater problem, the general strike of the telegraph and postal employees, which has completely paralyzed the interior communication of the empire and which, if continued, will mean nothing else than economic and industrial death of Russia.

The most alarming indication of the spread of the dissatisfaction in the army, extending even to regiments near the person of the emperor, was given in the arrest at Tsarskoe Selo of a number of soldiers belonging to the Yellow Cuirassiers of the Guard, the Hussars of the Guard and the Life Guard Riflemen for presenting a series of petitions, including one against the use of troops for police purposes. The regiments in question are those which have been specially selected by General Treppoff to guard the emperor and his family. They have been counted upon as being loyal to the last, ready even to be torn to pieces in defense of his majesty, like the Swiss guards of Louis XVI. Their arrest, however, although not for open sedition, shows how the leaven of discontent is working even within the precincts of the imperial park at Tsarskoe Selo. The incident gave rise to most alarming rumors in St. Petersburg, including one to the effect that the emperor actually had been attacked and that a grand duke had been wounded while defending himself.

Fears that the government will soon be forced to a paper money basis caused somewhat of a run on the banks, depositors hastily withdrawing their funds. All demands of depositors were promptly met. It is estimated that over \$10,000,000 has been withdrawn since Monday last. Many persons seem to be firmly convinced that the government can not much longer stand the strain and that economic, political and financial bankruptcy is imminent.

Reports Mutiny Crushed.

General Kaulbars, governor general of Odessa, received the following telegram addressed to him by Vice Admiral Choukinn at Sebastopol: "We wished to terminate the affair on Nov. 28 by surrounding the mutinous division with troops and issuing an ultimatum for unconditional surrender. The mutineers, however, commenced to attack on the night of Nov. 27, seizing the torpedo boat Svirsky and three others which had drawn near the cruiser Otchakoff. All these vessels hoisted red flags, after which the Otchakoff flew the signal that Lieutenant Schmidt was in command of the fleet."

"At 3:30 o'clock on the afternoon of Nov. 28 fire was opened by field artillery on the ships in the southern harbor flying red flags. These flags were immediately lowered and Lieutenant Schmidt signaled, 'I have many captured officers.' The Otchakoff then opened fire, to which the north shore battery and the land ships whose breech locks had been rendered inoperative. The Svirsky advanced to the attack but was met with a strong fire from two cruisers, the captain, Evgeny and Bilib, and from the Panart Moravia and from the battleship Rostislav. The Svirsky was immediately put out of action as were also two other torpedo boats, one of which was later towed to the shore. The Otchakoff had fired hardly five minutes when she was struck by a shell and the explosion set her on fire. A confirmation bulletin on the Otchakoff that was sent to the emperor's court and to the transfer of the captured ships, stated that those who had been wounded, Lieutenant Schmidt, was killed and was a prisoner. When the firing began a number of shells had been heard from the land batteries. The Svirsky, however, was not destroyed, but was captured by the Svirsky and the Otchakoff, capturing the Svirsky."

naval corps, started for the mining ship, but was severely wounded while on the way. During the firing against the Otchakoff the field batteries bombarded the naval barracks, which replied. The Otchakoff is still burning, and it is impossible to extinguish the fire."

General Kaulbars telegraphed later that he had just received a telegram from Captain Berget, chief of Admiral Choukinn's staff, saying that during the night about 1,500 mutineers had surrendered with 10 quick-firing guns to the Brest regiment, and that the barracks was occupied by troops.

Representatives of all political and social classes outside court circles believe that the action of the zemstvo congress in recognizing the Socialist organization as the strongest has driven many wavering elements to join the Socialists, although these openly proclaim that the capitalists will be abolished as soon as the government is displaced. They say that confidence in Premier Witte's cabinet is waning in political and commercial circles since it is growing daily more evident that Witte is without the necessary powers from the emperor. These circles believe rightly that General Count Ignatieff's influence is growing. In a very few days a crisis must decide whether the autocracy will be resurrected.

Another Account.

Warsaw, Dec. 1.—According to the few details which have reached Warsaw regarding the sea and land battle at Sebastopol, the rebel fleet in the evening of Nov. 28 opened an attack on three loyal warships, the battleship Rostislav, the torpedo gunboat Captain Sacken and the armored cruiser Pamyat Azova. The latter replied bravely, sinking the rebel torpedo boat Svirsky and sinking a torpedo boat. The coast batteries also joined in and set fire to the cruiser Otchakoff, commanded by the rebel leader Lieutenant Schmidt. The latter with his mutinous followers tried to escape in boats, but were captured by loyal torpedo boats. At the same time the Brestok regiment attacked the barracks occupied by the mutineers. Fifteen hundred of these with 10 Maxim guns surrendered during the night. The number of killed and wounded is not known.

Hundred Thousand Out.

St. Petersburg, Dec. 1.—It is estimated that at least 100,000 workmen are locked out in St. Petersburg. The cabinet has definitely resolved to raise the state of martial law in Poland.

THREAT OF MACEDONIANS

War Will Follow Failure of Powers to Coerce Turkey.

WILL STIR UP BULGARIANS

Occupation of Mytilene Likely to Have No Effect on the Porte—Plans for Next Step Not Yet Arranged. Powers Await Action on the Part of England.

London, Dec. 1.—The British government has just received information from Sofia through official sources that the Macedonian committee has issued what is practically an ultimatum that unless the demonstration of the powers shall be carried to a successful issue, the revolutionaries are prepared to announce that they intend to create a situation which will be certain to result in a war between Turkey and Bulgaria. It is well known that Bulgaria has been preparing for eventualities since the revolution of 1903. An accord having been reached between Bulgaria and Romania concerning Macedonia, these two governments are now prepared to try conclusions with Turkey should the necessity for such action arise.

While it is generally admitted that the powers do not expect the sultan to yield as the result of the occupation of Mytilene, it is stated that plans for the next step had not been definitely arranged, the other powers awaiting the British proposals. The foreign office states that the British government does not know exactly the extent of the coercion which the other powers are willing to employ, but it is certain that none of the powers is willing to resort to actual warfare in order to enforce the demand for the liberation of Macedonia.

The system of the situation makes it quite possible that demonstration by occupation may produce somewhat of a result. The present political situation in the United Kingdom naturally increases the reference in official circles to the movement of the fleet, and as Great Britain is the leading naval power, the movements of the fleet may be delayed for some time pending the decision of the cabinet concerning its resignation or the dissolution of parliament.

L. D. Fisher, a negro, and an unknown man were killed and several others injured by an explosion at the Pennsylvania steel works Harrisburg.

PIERSON CASE

Not Mentioned by Jury in Report to Judge Seward at Mt. Vernon

COURT DISCHARGES THE JURY

IN NOVEMBER 55 PEOPLE WERE KILLED ON OHIO ROADS

Newark Incorporation at Columbus Friday—Live News from Over State of Ohio.

Mt. Vernon, O., Dec. 1.—The Knox county grand jury reported today and was discharged. The jury did not mention the Pierson tragedy in any way, having been unable to find any indictment against any person in connection with the Kenyon student's death. However, it has been learned that after having reviewed all the testimony adduced before the coroner and after having examined fully 30 witnesses, the jurors took a vote among themselves. Fourteen jurors believed that the student was tied when he met death. One did not believe the evidence was strong enough to show this beyond doubt. Since there was no evidence to show who was responsible the case was not mentioned in their report to Judge Seward of the common pleas court.

Killed on Ohio Roads.

Columbus, Dec. 1.—During November 55 persons were killed by Ohio railroads. Not one was a passenger, none employees. Thirty-seven were trespassers and nine were killed at grade crossings.

Newark Incorporation.

Columbus, O., Dec. 1.—Articles of incorporation were taken out here today by the Day Nursery of the Mary Webb Memorial Circle of the Kings Daughters of Newark. The incorporators were Harriet L. Webb, S. Alice Barker, Verona C. Martin, Lina Shaffer, Eleanor H. Place and Mabelle C. Moore.

Young Hunter's Sad End.

Columbus, O., Dec. 1.—Damsel Bower, 18, son of Charles Bower, a farmer residing northwest of the city, was killed while hunting by the accidental discharge of his gun. While crossing a field near his home he stepped into a hole and fell, the gun being discharged.

A Draw.

Cincinnati, Dec. 1.—The 15-round glove contest between Gus Bezenah of this city and Tommy Feltz of Brooklyn, N. Y., at the Riverview Athletic club here, resulted in a draw. Both men weighed 122 pounds.

Steamer and Barge Aground.

Cleveland, O., Dec. 1.—The steamer Coralia and barge Miala are ashore three miles south of Point Isabel. The Miala is punctured, but it could not be determined how badly the Coralia was injured.

Ore Carrier Ashore.

Cleveland, O., Dec. 1.—The following telegram was received at the office of the Pittsburg Steamship company with reference to the fate of the big ore carrier, the W. E. Corey: "We are ashore on the east end of Michigan island; were running under very slow steam; went on very easy; did not know that she had stopped; sand and gravel bottom; don't think boat injured; ballast tanks full of water when went on; will not pump out until we get tug to help us." The telegram was from Captain Bailey of the Corey.

No Tidings of Missing Boat.

Cleveland, O., Dec. 1.—The Pittsburg Steamship company, owners of the big bark Madera, has received no tidings of the missing vessel. The Madera was in tow of the steamer Edinboro when the great storm overtook the two boats on Lake Superior, and they became separated. The Edinboro went ashore on Split Rock and it is believed that the Madera foundered. She carried a crew of 12 men and was in command of Captain J. H. Disette of Buffalo.

Schoolhouse Scorching.

Cincinnati, O., Dec. 1.—Fire starting from a defective flue and spreading probably for days before breaking out, damaged the Twenty-fifth district schoolhouse, North Fairmount, to the extent of \$25,000. The janitor, James Shaw, his daughter Mrs. Anna Pinner, her son Roy, 19, and Kate Brister, a domestic lived in the attic floor, and after coming to the roof for several hours were removed by firemen and have been afraid to leap into the life nets.

WORK ON PANAMA CANAL

Engineers, It Is Said, See No Insurmountable Obstacles.

TASK LOOKS EASIER TO THEM DAILY

Question of Labor the Most Serious That Confronts Chief Engineer Stevens and His Men—He Is Believed to Favor Employment of Chinese Coolies—How Inmate Are Cared For.

Chief Engineer Stevens does not appear to be at all discouraged by the situation on the Panama canal, says a special correspondent of the New York Herald, writing from Panama. His direct way of doing things has worked wonders in the short time he has been in Panama. The employees give him the entire credit of greatly improving their condition and look up to him as their leader and friend. To them Mr. Stevens is a chief apart, Stevens the hope of their existence. To saddle Mr. Stevens with so much office work would seem to be a mistake. The engineers in the field regret it perhaps more than he.

They, too, have the utmost confidence in his ability in his principal duty—that of pushing the main work of construction. This is not neglected by the active chief, who daily is working far beyond the government hours and is up and down the line whenever he can leave the duties of which a chairman on the isthmus or a good clerk would entirely relieve him.

As they study the route the engineers are disposing of difficulties and agreeing with Mr. Stevens that there is no insurmountable obstacle in the way of a transisthmian canal. It looks easier to them every day. Most of them now see only the removal of 222,000,000 tons of rock and dirt. To the chief engineer the sole problem is that of labor. Neither the Jamaicans nor the Martiniques are satisfactory. From the amount of work that so far it has been possible to get out of either, counting days lost through laziness as well as sickness, the average cost of each black laborer, who is paid 80 cents each, compared with the cost of similar labor in the United States, is \$5 gold a day. When it is considered that 30,000 laborers may be necessary to build the canal, to which must be added the cost of a high salaried chairman and commission in Washington and of the two great administrative establishments there and on the isthmus and the expense of sanitation and the reconstruction and rebuilding of Panama for the Panamanians, it will be seen that labor in the ditch has got to be reduced.

It isn't, however, the price paid for labor, but the quality of it, that enters into the calculations of the canal builders. Doubling the pay of the Jamaican or Martinique negro would only make him work half as long each week. They are like the Panamanians in that respect. Formerly the fishermen here made about \$3 a week. The price of fish has doubled. Has the fisherman doubled his income? Not a bit of it. Three dollars is all he needs to live on, and he can see no sense in working more than three days when he makes as much as he used to receive when he worked six. The same philosophy prevails among the negroes of the zone. Eighty cents a day is about twice as much as they got at home, and therefore three days is long enough to work at a time. The result is that no foreman can tell how many of his gang will be at work on any one day. It is safe to say that not more than half of the laborers so far brought here are at work every day.

While the chief engineer will not talk on the subject, it is quite certain he has represented to the commission that a change must be made from the labor now in use. He is believed to be in favor of having the canal dug by Chinese coolies, and it is reported that a labor agent at Canton has received an order to send several hundreds of Chinamen to the isthmus. The employment of Italians, Hungarians and Poles in large numbers has been urged, but it has been decided they would not stand the climate so well as the Chinamen.

Negroes from the States, it is urged by many, would do more work with less sickness than all the others. It is advanced that they built the Mississippi jetties and do similar work in the southern states, where conditions, according to many judges, are worse than at Panama. It is said the difficulty of making a sufficient number of southern negroes believe this would make the effort to engage them a waste of time. If the Chinamen do well they will replace the West Indian negroes now at work. In the meantime the negroes are leaving almost as fast as others can be brought to the isthmus. To make them happier the commission decided to provide them with wives and sweethearts. The first shipment of women from Martinique arrived recently and was quickly distributed along the zone. The women were welcomed by the American families, for until they might set up housekeeping it was thought they would make excellent cooks and general servants. They did not work very long. Most of the first shipment soon found mates.

It was regretted by Dr. Bartlett and staff that Secretary Taft did not visit the well kept camp at Miraflores and see how the most unfortunate of all the canal employees are cared for. Insanity among them is gradually increasing, but not at an alarming rate. There are thirty who have to be restrained, all but two of whom are negroes. Near by them are fourteen lepers, also negroes, who soon will be sent to an island down the Pacific coast and thence to the United States.

There have been white men attacked by leprosy, and several suspicious cases among them are under surveillance. It is estimated that there are more than sixty among the natives scattered over the isthmus.

Some of the best and proudest families on the isthmus are known to be afflicted with it. There are not many such instances, the better class of Panamanians being remarkably clean skinned and healthy. The American doctors dread the day when such cases must be dealt with by removal to a leper camp. The order for a close inspection of all natives and a report of every case discovered has gone out from sanitary headquarters. Any guess of the number that will be found would be wild, but it is estimated by one of the inspectors that there are fully sixty.

Quarters for the unfortunate at Miraflores are necessarily crude and far from what they should be. This is in a measure offset by the care given them, which a visit to the camp shows is intelligent and humane. The wards of the violent patients were unwisely built near the station, so close to the railroad tracks that their gestures can be seen through the bars of their cells and their wild cries heard by passengers, some of whom bait them, often driving them into fury by their remarks.

TREES FOR A DEPOT PLAZA.

Adornment of Grounds About Union Station in Washington.

The selection of trees for the new union station plaza at Washington is being considered with great interest by Engineer Commissioner Biddle, by Superintendent of Parking Latham and other Washington officials, and many novel features have been incident to the quest, says the Washington Star. Because it has been determined to make of the plaza a formal entrance way to the great station, the engineer department has decided that the trees to be planted must be symmetrical in form and of a kind likely to grow evenly. It is also stated as desirable that the trees be of a variety which keeps its leaves as late as possible in the fall.

Looking to the attainment of these several ends the search for a desirable species of tree has narrowed down in passing weeks to the red oak and the pin oak, both of which have been found to meet the requirements as to regularity of form and size. The final test of each is now progressing, the superintendent of parking watching carefully to see which variety of tree holds its foliage the longer. It is stated as most likely that the pin oak will be the one chosen, but this will not be finally determined until the question of leaves is settled.

Probably the longest rows of pin oaks in Washington are on Pennsylvania avenue southeast, east of Eleventh street. West of Eleventh street on the same thoroughfare are red oaks.

In investigating the "habits" of the various kinds of trees it has been found that the dates of dropping leaves in different trees of the same variety are not always the same. Sometimes this is noticed in only one tree in a long row being different from its fellows. After the variety of tree to be planted has been selected great care will be taken in going over the nursery stock, so that uniformity in every feature may, as nearly as possible, be secured. Altogether it is estimated about 150 trees will be required for planting on the union station plaza.

Aside from the variety of trees to be planted, this scheme is expected to go into such details as the selection of shrubs and flowers and flower beds.

Auto Engineering School.

It is announced that Purdue university in Indiana that a school of automobile engineering, the first of its kind in the United States, will be established within a few months at the local institution and receive the support of nearly every automobile manufacturer of importance in the United States, says a special dispatch from Lafayette, Ind., to the Cincinnati Enquirer. Machines will be shipped to Purdue, and the students enrolled in the new course will study their parts and test them. A laboratory for the exclusive use of the automobile department is to be established.

5209—Breakfast Jacket, 32 to 46 Bust.

The simple, comfortable breakfast jacket that can be made of warm material is the one that is sure to be in demand during the winter. Illustrated is one of the latest models that is well adapted both to elderdown and to the lighter weight materials, and which is becoming and attractive at the same time that it is absolutely simple. As illustrated cardinal red elderdown flannel is bound with satin ribbon of the same color, but finish is always a matter of individual preference and taste. The essential characteristics of the jacket are its lack of fullness, its becoming lines and its sleeves that are suggestive of the leg-o-mutton sort.

The jacket is made with fronts, backs and side-backs, so being shaped well to the figure, and is finished at the front edge with an applied piece which can be bound or simply stitched as liked. At the neck is a comfortable roll-over collar that also is becoming and the sleeves are made with upper and under portions, and are finished with roll-over cuffs.

The quantity of material required for the medium size is 3 1/2 yards-27, or 2 1/4 yards 36-inches wide, with 5 1/2 yards of ribbon to trim as illustrated.

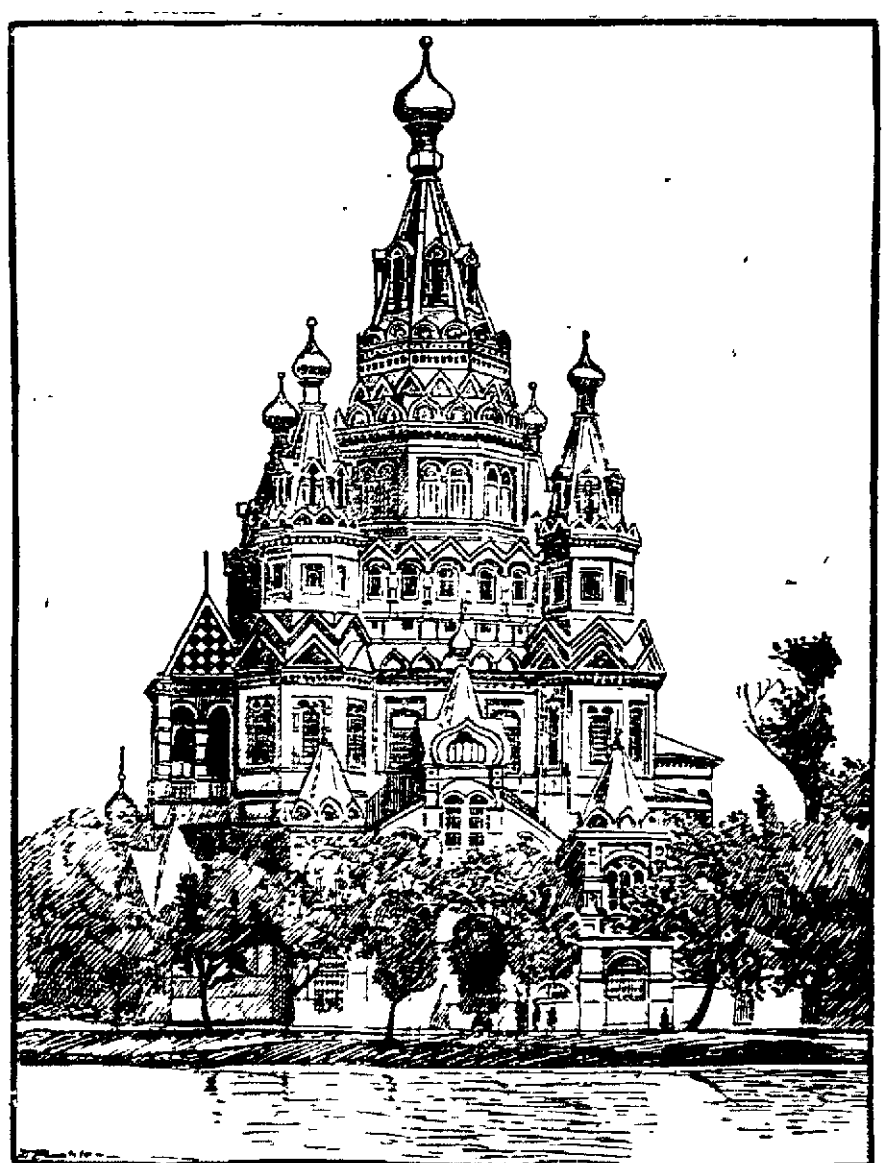

The pattern 5209 is cut in sizes for a 32, 34, 36, 38, 40, 42, 44 and 46 inch bust measure.

THE NEW RUSSIAN CATHEDRAL AT PETERHOF.

The Russians are the greatest church builders in the world, and even in time of war and impending revolution the work is not suspended. The beautiful Russian-Byzantine structure at Peterhof is a new court cathedral at Peterhof, the aristocratic suburb of St. Petersburg, which contains several royal palaces. It was dedicated with great pomp, even though the entire empire was in the throes of revolution.

THE MELVILLE CASKS.

How They Floated Across the Polar Basin and Were Recovered.

When the Norwegian explorer Nansen visited Philadelphia in 1897 and described how the Fram had drifted across the polar ocean, Rear Admiral Melville, U. S. N., suggested that valuable data might be secured concerning the speed and direction of arctic currents by setting afloat specially constructed casks in the Arctic ocean north of Bering strait.

ONE OF THE MELVILLE-BRYANT DRIFT CASKS.

structured casks in the Arctic ocean north of Bering strait. The Geographical society of Philadelphia, of which the explorer Henry G. Bryant is president, acted on this suggestion and had fifty spindle shaped casks made from designs provided by Rear Admiral Melville. They were sent north on United States revenue cutters and on whaling ships and cast overboard at various points north of Bering strait. Two of these casks have since turned up. One was cast off in 1901 near Wrangel island, north of Bering strait, and found about a year later off the Siberian coast. It had evidently not journeyed very near the pole. Another, which was dropped in the Arctic off the coast of Alaska in 1899, was recovered off the coast of Iceland on June 7, 1905. It is thought this cask must have passed very close to the pole. Its journey of 2,500 miles is held to prove the existence of a current across the polar basin.

REAR ADMIRAL RAE.

Career of This Officer and His Ideas on Naval Engineering.

The accident to the Bennington directed attention to the scarcity of engineers in the United States navy. Rear Admiral Charles W. Rae, engineer in chief of the navy, in his annual report says that so few officers of the line are taking up engineering se-

riously that the situation is really becoming alarming. "Were the country suddenly plunged in war," he adds, "the navy would find itself in no condition to win battles." He has formulated a plan which he thinks would result in the navy being supplied ere long with engineering talent.

Admiral Rae himself is a man of high standing as an engineer. Born in Hartford, Conn., in 1847, his early education was carefully supervised, and at sixteen he entered the Rensselaer Polytechnic institute at Troy, N. Y. On graduating from it in 1866 he went to the United States Naval academy and was a member of the first class of naval engineers graduated from it. He was chief engineer of the Iowa in the Spanish war and helped to destroy Cervera's fleet.

A SCENE OF BLOODSHED.

The Richelieu Stairway at Odessa, in Russia.

Some of the recent riots and massacres at Odessa have been enacted on the long and stately flight of steps known as the Richelieu stairway. It takes its name from the statue of the Duke of Richelieu that stands in the central square at the head of the stair-

way. The latter leads from the Black sea to the embankment on which some of the finest public and private buildings of the city are constructed. A fine boulevard runs along this embankment, forming a popular resort. It was around the Richelieu statue and on the Richelieu stairway that some of the deadly collisions between citizens and soldiers occurred in the outbreak last June.

READY-TO-WEAR CLOTHING

We used to think a pants, coat and vest constituted a suit of clothes. Not much attention was paid to the fabric, style or fitting—they were not very good clothes. These conditions—in a measure—have changed. A few manufacturers have perfected the system of clothes making—putting the ready-to-wear article on a par with the very best custom work.

Among these are the well-known firms of

They Got Four Rabbits.
Mr. C. D. Lake and family, Mrs. John Wickham and Clerk of the Courts J. W. Hursey were entertained at a big turkey dinner at the home of Mr. J. C. Morrison, a short distance south of Clay Lick, on Thanksgiving day. After the dinner, which was a most excellent one, the gentlemen started out with their guns and after waiting ten or twelve minutes, succeeded in bagging four rabbits.

Newark is Represented.
The Boys' Conference of the junior department of the Y. M. C. A. begins at Bellevue, O., today, at 6 p. m. with a banquet. A large attendance of boys from over the state is expected. A party of seven boys went from the junior department of the Newark association. The delegation was in charge of Assistant Secretary O. A. Weller of the local association. This is the second annual conference of the boys which has ever been held, and considerable enthusiasm is being evidenced in the movement.

Got Everything in Sight.
On Thursday a hunting party under the leadership of Capt. S. H. Beadle and Morris Barrett created havoc among the quail and rabbits. In order to keep within the law limit to each hunter, the game, it is understood, was carefully counted and divided among the hunters; only the best ones were retained, the others being given to some boys who were not lucky. It is stated that after the party was out a short time the quail and rabbits gave the game up and surrendered, lying down and holding up their feet to be picked up.

Thanksgiving Party.
Among those who entertained on Thanksgiving at dinner were Mr. and Mrs. Chas. T. Jones at their pleasant country home four miles east of the city. The most attractive hour of the day was the noon hour when all were seated around the dining table that was laden with all the good things of the season. Among those present were Mr. and Mrs. T. J. Irwin and daughter Cora, Mr. and Mrs. H. S. Irwin and daughter Ira, Mr. and Mrs. J. W. Mothershead, son Gail and daughter Helen, Mr. and Mrs. J. P. Camp and son Ben, Mr. and Mrs. T. H. STATE LOOKING FOR NEW RANGE

BECAUSE COMPLAINT IS MADE IN NEWARK ABOUT THE FLYING BULLETS.

Adjutant General Critchfield Goes to Toledo to Look at a Proposed Site for Range.

Columbus, O., Dec. 1.—Adjutant General Critchfield has just gone to Toledo to look at a site for a new state rifle range. The state has been using the range at Newark, but complaint is being lodged against this as the bullets from the new guns used in target practice carry for about two miles.

A REGULAR CIRCUS

Trying to Give a Little Girl Cod Liver Oil.

An interesting incident was told in Frank D. Hall's drug store the other evening.

A man came in and bought a bottle of Vinol and while waiting for change engaged the clerk in conversation. Said he: "We were told to give our little girl cod liver oil. I bought a bottle and took it home. We had a regular circus trying to get the child to take it. Then it did not agree with her at all, the oil upset her stomach. She did not get any better, so I told the doctor how we had failed, and he at once recommended your Vinol, saying that it contained all of the curative, healing and strengthening properties of cod liver oil without a drop of oil, and that children all love its taste."

"I took home a bottle and we began to give it to our child right away. She said it was delicious and wanted more. Almost from the first dose we noticed a change, and she has gained flesh, by whom he was killed. He will every night."

"I don't believe any one should give a delicate child old-fashioned, nauseating cod liver oil or emulsions when Vinol is so delicious, and it will do so much more good than any other tonic. It is simply a wonderful medicine for weak, puny children, and I am recommending it to my friends."

"We guarantee Vinol will make weak, puny children strong, robust and rosy, strengthen and invigorate old people and build up the run down, tired and debilitated as nothing else can. If it fails we willingly return every dollar paid for it." Frank D. Hall, Druggist.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. Another effort is to be made to change the day for the inauguration of the President from the 4th of March until the latter part of April. The number of deaths of prominent men, including it is believed, at least one President, due to the holding of the inauguration ceremonies early in March, is a strong reason urged for the change. Another is the fact that the multitudes who attend the ceremonies, and the soldiers and others who march in the parades, are all subject to grave discomfort and the danger of loss of life or health. Public sentiment would no doubt approve the change, but Congress has thus far failed to act. One reason has been the presumed necessity for extending the term of the President in office at a time when the change would go into effect, so as to cover the time between the 4th of March and the new date. A way might perhaps be found out of this difficulty by having the new President take the oath of office and assume his duties at the same time as at present, but to postpone the other inaugural features until late in April.

ENGINE AND CARS ROLLED INTO RIVER

Nine Passengers Injured, Several of Them Fatally—Early Reports Exaggerated.

Wilkesbarre, Pa., Dec. 1.—A long-distance telephone message from Mauch Chunk says Engineer Newman and Fireman Lubbert of Mauch Chunk were killed in the wreck of the Jersey Central flyer at Stoney Creek. Nine passengers were injured, and it is feared several of them fatally.

Scranton, Pa., Dec. 1.—The Jersey Central flyer was wrecked about three miles above Penn Haven Junction, 65 miles south of Mauch Chunk. The engine and three cars went down a steep embankment into the river and the combination car caught fire. The word of the wreck was brought to Penn Haven by a brakeman, who walked the entire distance with both arms broken. He asked that all the doctors that could be secured be sent at once. The train was the New York flyer leaving Wilkesbarre at 6:55. The train consists of three day coaches and a Pullman at Stoney Creek. Three miles below Penn Haven the train left the track and the engine and three day coaches plunged into the Lehigh river. So far as known the fireman and engineer and six passengers were killed, but rumors are to the effect that all the occupants of the coaches were killed.

Attack Validity of Commissioners' Act in Procedure Filed at Topeka, Kas.

Topeka, Kan., Dec. 1.—The constitutionality of the Kansas board of railway commissioners, its judicial, legislative and executive powers, have been attacked by the Union Pacific railroad in a bill of procedure filed in the United States circuit court in this city. Primarily the action asks that Judge Pollack set aside the order of the board made on Oct. 31, fixing rates on carload shipments of hardware from Atchison to Wichita, Hutchinson and Salina. Fifteen defendants are named in the bill.

WEDDING TAKES PLACE IN JAIL

SQUIRE L. S. LAKE OFFICIATES
AT MARRIAGE OF ROBERT
EMMET TAYLOR.

Bride is Miss Carrie Alexander, and Both Are Colored—Both Newark Residents.

Robert Emmet Taylor, a well known colored man of this city, who was arrested several days ago on the charge of pointing fire arms at a colored woman, and Miss Carrie Alexander, also colored, were married Wednesday afternoon. The ceremony took place in the corridor of the county jail, and was performed by Justice of the Peace Lee S. Lake. Taylor's hearing was set to take place before Mayor Crilly Friday afternoon.

The wedding was witnessed by some of the prisoners who took unusual interest in the proceedings. When the ceremony ended the bride was conducted out of jail and the bridegroom was again locked up to await trial.

THE W. C. T. U.

The devotional half hour was led by Mrs. Holbrook in the Disciple church, in North Fourth street.

Mrs. Holbrook read a scripture lesson from the 116 and 149th Psalms. In the absence of the president, Vice President filled the chair, and called the meeting to order.

After the business session, a discussion as to the Trego lectures which were to have been given here in the month of December was ruled out, at being thought best not to have the lecturer come at this time.

Next week will be a business meeting at which time reports of superintendents will be given. Every member is requested to be present on next Tuesday afternoon.

EXCOMMUNICATED

Are Prominent Catholics in Nebraska Diocese Who Attended the Wedding.

Omaha, Dec. 1.—Right Rev. Bishop Richard Scannell of the Nebraska diocese of the Catholic church has declared excommunicated all members of the Catholic church who participated in the wedding of Congressman Kennedy and Miss Pritchett this week. There were a number of prominent Catholics present, including Mrs. Edward Cudaby, wife of the packing house magnate, Miss Mae Hamilton, whose individual fortune is rated at over \$1,000,000, was one of the bridesmaids. Congressman Kennedy has a divorced wife living, and for that reason, the bishop issued last Sunday a pastoral forbidding all Catholics to participate in the ceremony. The bishop now declares excommunicated ipso facto all members of his church who attended the wedding.

Meriwether Case.

Annapolis, Md., Dec. 1.—Except for the announcement of the verdict after it shall have been passed upon by the secretary of the navy, the Meriwether court-martial, insofar as the public is concerned, is at an end. The day was almost wholly given over to arguments of counsel before the court, which is trying Midshipman Meriwether on charges the most serious of which is manslaughter in connection with the death of Midshipman James R. Branch, Jr. after a fist fight in which he and Meriwether engaged. At the conclusion of the address of Mr. Rose the court was cleared and the location of the verdict begun.

OBITUARY

MILTON ERVIN.

Milton Ervin died at the home of his brother John Ervin, Tuesday of consumption. He was at the country home of his father David Ervin until two weeks ago, when he went to Utica to consult his physician, and became so much worse that he was unable to return home. The funeral was held at the home of his brother on Thursday afternoon, Rev. Mr. Gay officiating. Mr. Ervin was united with the Presbyterian church recently.

WILLIAM J. SPENCE.

William J. Spence who formerly lived near St. Louisville, died at the Soldiers' Home near Sandusky last week. The funeral was held Thursday and the remains were buried at Sandusky. Mr. Spence was 72 years of age. His death was caused by tuberculosis.

MRS. WILLIAM GUNTZ.

Mrs. Mary Elizabeth Guntz, wife of Mr. William Guntz a well known glass blower at the Everett glass works residing at 28 Shields street, died at the City Hospital on Thursday morning at one o'clock, after an illness of about two months. The remains were shipped in the evening to Baltimore, Md., where the interment will be made. The deceased is survived by her husband and two children.

SAMUEL W. TRACE.

Samuel Wallace Trace was born on April 23, 1867, and died Oct. 24, 1905, aged 39 years, 8 months and 29 days. He was a life long resident of Newark and will be sadly missed in the home circle where there is a vacant chair, and also by a host of friends. He was kind and genial to all and was ever ready to lend a helping hand.

Dearest brother, thou hast left us, And thy loss we deeply feel; But 'tis God who hath bereft us, He can all our sorrows heal.

FRANK HAMPSHIRE.

Mr. Frank Hampshire, aged 50 years, a former Licking county man, died at his home in Columbus Sunday and was buried at Green Lawn cemetery Wednesday. Mr. Hampshire was the son-in-law of Anthony Pitzer, of Licking township. He traveled for the Wilmington Bridge Company and held the contract for the bridge that was put in at the water works station this fall. The deceased is survived by a wife and one son, who resides in Columbus.

MRS. DAVID H. LYDA.

The funeral of Mrs. David H. Lyda of West Church street, who died at the Park View Sanitarium in Columbus on Wednesday, was conducted privately at the home, at 10:30 Friday. The body was shipped to Zanesville at noon over the B. & O., where the interment took place in Green wood cemetery.

MRS. ELLEN SHANAHAN.

The funeral of Mrs. Ellen Shanahan, who died in Columbus on Wednesday, took place Friday from St. Francis de Sales church at 9 a. m. The interment took place in Mt. Calvary cemetery.

MRS. CAROLINE HOFER.

Mr. Charles Hofer the well known Locust street baker, received a telegram Friday from Indianapolis notifying him of the death of his mother, Mrs. Caroline Hofer, which occurred early Friday morning at the home of her son, Fred Hofer, in that city, after an illness of but a short time. No particulars, however, were received of her death. Mr. and Mrs. Hofer leave Saturday for Indianapolis to attend the funeral, which takes place on Monday morning at nine o'clock. Mrs. Hofer was past eighty years old. She was well known in Newark, having frequently visited here. She celebrated the 30th anniversary of her birth last August at which time she was in the best of health.

PITTSBURG ORCHESTRA.
Quite a few Newark persons attended the concert of the Pittsburgh Symphony orchestra at the Southern theatre, Columbus, Wednesday night, given under the auspices of the Children's Hospital of that city.

Those who attended certainly enjoyed a rare treat in the rendition of an excellently balanced program by fifty-three artists of rare ability, under the direction of that unquestionable master, Emil Paur.

Mr. Henry Bramson the violoncello soloist was the principal single attraction with the orchestra, beside Emil Paur. Mr. Bramson has just completed extensive studies with some of the best masters of the cello in Europe. The following was the program:

1. Symphony No. 5 in E minor, Tchaikowsky.
Andante, Allegro con anima.
Andante cantabile (con alcuna liecenza).
Valse.
Finale.

2. Variations for Cello and Orchestra, op. 33, Tchaikowsky.
Symphonic Poem, "Dame Macabre" Saint Saens.

Symphonic Poem, "Burial of Ophelia," Bourget-Dueondray.
Love Scene, from the Opera "Feuersoth," (Fire Famine), Richard Strauss.

Siegfried's Rhine Journey, from "Die Gotterdammerung," Wagner.

IMPERSONATOR NEWS.

A goodly number of people were entertained at Taylor Hall Thanksgiving night, by Adrian Newens, the impersonator, who gave the second number in the Y. M. C. A. entertainment course. Mr. Newens gave Elizabeth Stewart Phelps' beautiful story "A Singular Life," in an exceptionally pleasing manner. He impersonated the seven principal characters of the story, and several minor ones, in a way that brought his hearers in real touch with the scenes and persons described. Possibly the best character was "the sailor" hero, Job Slip, which was given by Mr. Newens as true to life as it is possible to be. The last scene was rendered in a manner especially effective, showing the final redemption of the rough sailor to a better life.

Mr. Newens efforts were much appreciated by his audience and he received hearty applause.

New York Salesman Did Not Find it Until He Reached Newark.

Irving Johnson, a drummer who is well known to many of our merchants, was in town yesterday, stopping at the Warden, where the Advocate man heard him tell a few more stories that he had collected on his last trip.

"I am glad to see," said Mr. Johnson, "that Newark is right up-to-date in cigars as well as in other things. I have been hunting for Wadsworth Bros' Chicos in the last half dozen towns, and did not find one until I went into J. W. Collins & Son's this morning. That cigar is all right. I can tell you, and although it cost only 5c, yet I push them out to my customers, knowing that they will think it a 10c. or two for a quarter."

The Wadsworth Bros. Chicos is an all Havana filled cigar that smokes just as a cigar ought from start to finish, burning evenly with a long, clean, firm ash.

Its flavor appeals to the lover of high grade cigars, and its price to all sensible smokers. Dec 1-8-15

ROUGH WEATHER FOR DECEMBER

CHRISTMAS SEASON PROMISES TO BE ESPECIALLY STORMY.

As Crisis of the Winter Storms is Scheduled to Come on December 25-26.

According to the weather prognostications for December, the Christmas season is to be decidedly stormy, as the crisis of winter storms is to come on the 24, 25 and 26.

The predictions for the month say that a reactionary storm period the first of December, is central on the 3rd, 4th and 5th. By the 3rd, falling barometer and change to warmer will be noted in western extremes. Growing cloudiness will result in the same sections, and during the 4th to the 6th, first rain, then sleet and snow will visit wide areas of the country as storm conditions pass from west to east across the continent. The crisis of this period will fall on Sunday, Monday and Tuesday, the 3rd, 4th and 5th, followed by a severe cold wave which will be felt in most parts of the country, lasting until about the 8th.

A regular storm period is central on the 10th, extending from the 8th to the 13th. This is not only on account of the winter solstice perturbation, which extends from the 10th to the 25th of December, but the angle of the earth's north polar axis to the equator of the sun is such as to provoke a maximum of electrical and magnetic antagonism at this time. By about Saturday, the 9th a decided change to warmer, with rapidly falling barometer, will be noted in western extremes. These conditions will bring on increasing cloudiness, moving eastward, and from about the 10th to the 13th inclusive, severe and general winter storms will make their transit over the country. These storms will reach their culminating crisis within forty-eight hours of sunset on the 11. Look for rains at the oncoming of these storms, especially to the southward, but be prepared for change to northwesterly blizzards as the storms move eastward, and for a genuine December cold wave to follow with the rising barometer behind the storms.

A reactionary storm period is central on the 15th, 16th and 17th. Throughout this part of the month there is constant tendency to unsettled and stormy weather. But decided storm conditions, with general rain and snow will be most natural on and touching Saturday and Sunday the 16th and 17th.

A regular storm period covers the 20th to 26th. The central day of the December solstice falls within this period, on the 21st, and the regular Vulkan storm period is central on the 22nd. The moon is in perigee on the 22nd, at new moon on the 25th, and at extreme declination south on the 26th. It also crosses the celestial equator, going to south declination on the 19th. All these facts combined indicate that from about the 19th to the 26th will bring a period of prolonged winter storms. The crisis of this period may be looked for on and touching Saturday, Sunday and Monday, the 23rd, 24th and 25th. During the same days violent winter storms and blizzards will be blowing and advancing down from the northwest, pushed southward and eastward by a rushing high barometer, high northwesterly gales and a great cold wave.

A reactionary storm period is central on the 27, 28th and 29th. The general cold leading into these days will partially break up, the high barometer will relax into lower pressure, and repeated squalls of rain, snow and will visit many sections of the country in their progressive sweep from west

to east, on and touching the 27th, 28th and 29th. High barometer and much colder will close December in most parts of our country.

A BOOK

Is the easiest solution of the "Christmas Problem." No field offers such an infinite variety of holiday gifts. There are few people who would not appreciate the gift of a book. The millionaire banker or your errand boy may be depended upon to be pleased when he finds it is a book that has been given. Come to us, then, when you want something that you know will be the right thing in the right place. We make it our business to search out the best and to offer it at the lowest price. Our business has grown right along each year. People no longer "send off" for books as they used to. They know they will find the good things and at the right price at Edmiston's Book Store. We can only name a few of them here: "The Spirit of Christmas," Dr. Van Dyke's most loving and beautiful expression of the Christmas Spirit, only 75c. Our Neighbors, Gibsons last and best book of drawings, \$4.20. Animal Heroes, by Ernest Thompson Seton. His latest, equally enjoyable for old or young, artistically illustrated. The story of the Champions of the Round Table, by Howard Pyle, \$2.50. Songs of Cheer, by Riley, one hundred Honesier pictures, his latest production. The Conquest of Canaan, by Booth Tarkington, \$1.50; our price \$1.00. The Gambler, by Katherine Cecil Thurston, \$1.50; our price \$1.00. Queen Zixi of Ix, by J. Frank Baum, a book to make any child happy. Bret Harte, His Letters, handsomely illustrated, in a box, \$2.00. Eben Holden, with Newark pictures by Clarence White, and hundreds of others, selected with the greatest care. Three words more—DO IT NOW.

CHINA COMING OUT OF LONG SLEEP

MISSIONARIES SAY PROSPECTS ARE NOW BRIGHTER FOR COUNTRY'S PROGRESS THAN

In Past Thousand Years—Women of Pootungfu Have Established Daily Paper—Some Interesting Facts.

New York, Dec. 1.—America has not been alone in having an Inter Church conference on Federation, for information has just reached here of a conference on similar lines and for a similar purpose which was held several weeks ago in Peking, China.

The Rev. Courtenay M. Mann, a missionary under the Presbyterian Foreign Board, writes home of the Peking conference, and says: "I know that denominational lines are less sharply drawn, on the foreign field than at home. We hope eventually to have one united Protestant Church in China."

The desolations of the Boxers presented a fine chance for union and for consolidation in educational work. The union of several denominations in theological instruction could hardly be brought about in America, but here all the tendencies of the times are in favor of one Protestant Christian church for the Chinese.

"An Educational Union has already been formed and marks a long step in advance. Its constitution provides a remedy for any perverse theological teaching in the Seminary, but the great certainties of our common faith are so many and so great, that we are not apprehensive of our professors having either time or inclination to teach the doubtful theories of speculative theology. A wonderful spirit of harmony is manifest in the conference on federation, and steps are being taken in which we have strong reason to believe will soon lead to a federation of practically all Protestant churches of China."

Mr. Penn also speaks of changing conditions in China, which he says is awakening from the sleep of centuries. "One by one the barriers to the entrance of the light have been torn away. Just the other day the death stroke was given to the old China in the abolition of the ancient system of literary examinations which required only that a candidate for official position should be familiar with the ancient sages, while he might be ignorant of the fact that the earth is round, and believe that a dog is trying to swallow the moon at every lunar eclipse. Henceforth the officials of China must know western arts and sciences. China is establishing colleges in every province, and common schools in every large town. She is sending students abroad to prepare for the highest positions, and the new education is now almost universally sought."

Testimony of the change in China also comes from the Rev. J. Walter Lewis of Washington, who has just returned to China after having been in this country on furlough. He says: "The changes in this people during the twenty months of my absence are far greater than in the previous twenty years of my life in China; yes, it is an exaggeration to say, greater than in the last thousand years of China's history. It makes one breathless to contemplate them. Among others what think you of a woman's daily newspaper in Peking called the 'Nu Bao' women's paper, so far as I know the only daily paper with such a title and purpose in the world. It may be but short lived, yet it is a present fact."

OHIO WESLEYAN

Preparations are being made for the formal opening of the new gymnasium and opening of new gym at Delaware.

Delaware, O., Dec. 1.—Preparations for the formal opening of the new gymnasium are being made. The plan is to have a noon hour banquet and games, drills and a reception in the evening, February 22, 1906. Committees are being formed and while it is expected to be an event primarily for the students many of the alumni and friends of the university are planning to join in the celebration.

The contract for over 500 steel lockers was let Friday and the gymnasium locker room will soon be completed.

At the recent meeting of the executive committee of the board of trustees, a revision of the summer school work was provided for. In the past, the summer school has been mainly a private school, but by this action of the trustees it has been made a part of the regular schedule of the university. President Welch will have charge of affairs and will be assisted by an advisory committee composed of Professors Whitlock, Smyser, Hornell, Grove and Parsons. Under this new arrangement, a considerable extension of the work of the summer session is planned the exact nature of which has not yet been determined.

The third number of the senior lecture course will be given next Tuesday by Chancellor J. R. Day of Syracuse university.

The legal fraternity of the university has appointed its committees for the annual moot court. The proceeds of the entertainment go to building up the law library.

The instructing staff of the Art department gave a reception to the art students in the studio. These receptions will be given frequently and will be in the nature of a "shop club."

The question for the annual sophomore-Freshman debate will, for the first time, be an academic question. The sophomores, as the challenging party, have announced their intention to propose a question of purely academic interest.

BAILEY & KEELEY

About to Begin Construction of New Building on West Main Street.

Work has been begun by Bailey and Keeley toward the erection of their new building in West Main street. The Larimore property, opposite the high school building, which was recently purchased by this firm is to be the site of their new headquarters.

The large residence is being entirely remodeled and will be used for a boarding house, a part of the rear being removed to one side making room for the new building which is to be built on the West side of the residence and next the alley. The office building which has been occupied by Dr. J. W. Morby is being removed to the east side of the residence.

The new Bailey and Keeley building will be constructed as soon as the other buildings can be got out of the way. It will be a one story structure but will extend far back into the lot, making considerable room. Messrs. Bailey and Keeley will have their shop in the building which will contain all modern appliances for the business of roofing and all lines of work in tinware.

Contractor J. C. Linn is superintending the removal of the buildings and the work is progressing rapidly.

Messrs. Bailey and Keeley expect to move into their new quarters about April 1. It is not yet known who will occupy the building now occupied by this firm.

HEART OF GOLD

To Be Presented to President by Mr. Bayne on Behalf of Denver People.

Washington, Dec. 1.—A heart of pure gold, weighing four and a half ounces, the gift of 8,000 citizens of Denver, is on the way to President Roosevelt. Representative Bayne, of Colorado, is the bearer of the precious token and is expected here tomorrow. As the president will be at Princeton tomorrow for the purpose of attending the Army and Navy football game, Bayne will probably defer the presentation until Monday. The heart, which is encased in a casket lined with forget-me-not blue was given by the president's Denver admirers as an appreciation of his achievement in bringing about peace in the Far East.

MANY NIMRODS ARE INJURED

WHILE ALTERING FOOTBALL RULES WHY NOT CONSIDER HUNTING GAME?

In Past Week Ohio Rabbits Have Cost the Lives of Three Buckeye Hunters.

The agitation in favor of the abolishment of football or at least the radical alteration of the rules of the game by the leading educational institutions of the country is attracting much attention from the press and the people but it may be remarked that football accidents during the present season have been very few compared with the number of accidents that have happened to hunters this season. Ohio rabbits during the past week have cost Buckeye nimrods the lives of three of their number to pay for this sport. Scores of others have been injured, some of them seriously. Following is the record for a single week:

Van Wert—D. L. McDonald shot in the side of the face by Deputy Postmaster G. R. Wilkinson, while hunting quail. May lose sight of one eye.

Bellefontaine—Hunter on farm of James Veley let go charge of bird shot into kitchen, narrowly missing Mrs. Veley and smashing lamp and glassware.

Woodsfield—J. M. Loffland broke his left ankle climbing over a fence. Marysville—Blair McCord accidentally shot Patrick Kleiber in left knee and about body, inflicting serious injuries.

Vermillion—Ray Washburn, 22 fell from tree while hunting coon at night and is in critical condition.

Watertown—While extricating rabbit from rocks, Judy Mirablen's right hand was badly lacerated by groundhog's teeth. William Withum, his companion, fainted at the sight.

Cambridge—Charles Harper was shot in the right foot by another hunter. Zanesville—Returning from hunting trip, Joe Dietrich was thrown from a bushy. His left arm was sprained.

Zanesville—Frank Jones killed at New Lexington by his brother, while hunting.

Agosta—David Crenner will lose sight of right eye as result of being struck by shell which rebounded from gun.

Waverly—Lafayette Fletcher of Columbus killed by accidental discharge of his gun while climbing over fence.

Painesville—While waiting for a skunk to come out of a hole, Charles Thorman, 14, shot himself through the leg with a revolver.

Amherst—William P. Boise, 16, was shot and killed by the accidental discharge of his gun while he was climbing through a wire fence.

Bridgeport—Frank Benline of Martins Ferry, 20, stepped in front of a companion's gun Friday just as it was fired at a flock of quail, receiving the full charge in his back. His left shoulder was blown off and he will die.

Bridgeport—Clarence, 10 year old son of Prosecuting Attorney Tag Shewert, was fatally wounded Friday evening by the discharge of a shotgun being prepared by a friend for hunting.

Canton—While hunting rabbits Walter Conrad, a 16 year old boy of Beach City had his arm shattered at the wrist by the accidental discharge of his gun. George Blair, 13 years old, had the top of his head blown off while examining a shotgun preparatory to going hunting Sunday.

Bearings, Minn.—Austin Wynne, 21 years old, a son of John Wynne of Peninsula, O., was shot and killed while hunting near here Sunday.

WEDDINGS.

BERRY-JONES.

Miss Vina Jones, the only daughter of Mr. and Mrs. Judson A. Jones, was married to Mr. Homer S. Berry, eldest son of Mr. and Mrs. Tunis Berry, on Thanksgiving day at 12 o'clock at the home of the bride's parents on Buckingham street. The ceremony was performed by the Rev. A. F. Dove of Van Buren, O., a Baptist minister, and personal friend of the groom. After the ceremony an elegant dinner was served to the immediate relatives of the contracting parties. The bride wore white. Both young people are well known in Newark. Miss Jones being a graduate of the Newark High school, and is esteemed by a host of friends, while the groom is a young man of sterling business qualifications. They have the best wishes for success and happiness in their future life.

STEVENSON-FULK.

A very pretty wedding took place at the parsonage of the First Presbyterian church Thanksgiving evening at 6 o'clock. Rev. Lester S. Boyce officiating, when Mr. C. Oliver Fulk and Miss Lillie B. Stevenson were united in the bonds of holy wedlock. Mr. Fulk is the son of Mr. and Mrs. Homer Fulk of Jacksonton, and is well known in the business circles of Newark. Miss Stevenson is the pop-

ular daughter of Mrs. L. J. Stevenson of Kirkersville. The young couple were accompanied by Mr. and Mrs. Nethers of Hancock street. Mr. and Mrs. Fulk will make their home on a farm near Jacksonton.

THOMPSON-GARDNER.

Mr. Jas. A. Thompson of St. Louis Mo., and Miss Laura Gardner, daughter of Mr. and Mrs. Albert Gardner of West Newark, were united in marriage at the home of the bride, Wednesday afternoon at 3 o'clock. The ceremony was performed by Rev. T. W. Locke and was witnessed by the immediate friends and relatives of the contracting parties.

FRANCIS-BRILL.

On Wednesday evening at 6 o'clock Mr. John M. Francis of Zanesville, O., was united in marriage to Ethel, the accomplished daughter of Mr. and Mrs. Philip Brill of Florence street, East Newark. The ceremony was performed by Rev. T. W. Locke at the East Main street Methodist Episcopal parsonage. Miss Ada Brill, sister of the bride, and Mr. Ross Varner, a warm friend of the groom, accompanied the couple and witnessed the ceremony. Mr. and Mrs. Francis are quite worthy of the congratulations they are now receiving from their numerous friends.

CRAWFORD-GROVE.

The wedding of Miss Florence Aline Grove, youngest daughter of Mr. and Mrs. Amos Grove, and Mr. Arthur Burt Crawford, was solemnized Wednesday evening at 6:30 at the home of the bride's parents on Linnville road, Rev. T. A. Cosgrove officiating.

At the appointed hour Miss Marjory Coulter of Newark softly played the strains of Mendelssohn's Wedding March, and the groom and best man, George C. Crawford, entered the parlor, followed by the bridesmaid, Miss Elma Grove, sister of the bride, charming in a gown of silk mull. The bride followed on the arm of her father and the bridal couple then stood beneath a huge wedding bell, made of white carnations, where the beautiful ring ceremony was pronounced by Rev. Cosgrove. The bride was beautiful in a gown of soft white satin elaborately trimmed with lace. A long tulle veil was worn and she carried a bouquet of white roses.

Immediately after the ceremony an elaborate wedding supper was served. The bride's table was decorated with carnations and candles, the color scheme being pink and white. The guests' places at the table were designated by heart shaped place cards, with the monogram "C G" in gold letters. Seated at the bride's table were Mr. and Mrs. Bert Crawford, Miss Elma Grove, Mr. George C. Crawford, Miss Ida Grove of Cleveland, Mr. Clarence Jones of Newark, Miss Stella Crawford of Newark, Mr. Grove Jones of Granville, Mr. and Mrs. George W. Crawford, Mr. and Mrs. Amos Grove, Rev. and Mrs. T. A. Cosgrove.

About fifty invited guests witnessed the ceremony. Mr. and Mrs. Crawford left for a two weeks' visit at Washington, D. C., and New York City, and after their return will be at home at the home of the groom's parents, Mr. and Mrs. George W. Crawford.

HARNER-JINKENS.

The home of Mr. and Mrs. Levi Jinkens, 58 North Seventh street, was the scene of a pretty wedding on Thanksgiving evening at 6 o'clock, when their daughter, Miss Justine, was united in marriage to Mr. Chas. Homer Harner. The attendants were Mr. G. W. Harner, a brother of the groom, and Miss Mollie Chambers, a cousin of the bride. Lohengrin's March was played by Miss Grace Stone of Wilkin, and the bridal couple entered the parlor preceded by little Miss Ruth Wilkin, who carried the ring used in the ceremony, in a beautiful white lily. The ceremony was performed by Rev. H. Newsum Miller, in the presence of a number of the intimate friends and relatives of the contracting parties. A sumptuous wedding dinner was served. The house was tastefully decorated with ferns and carnations. The young people, who for the present will reside with the bride's parents, have a large circle of friends, who will unite in wishing them a long and prosperous life together.

MCCARTHY-MCDONALD.

Mr. John J. McCarthy and Miss Mary McDonald, estimable young people, were married on Thursday evening. The ceremony was performed by Magistrate J. R. Acherley at his home, 73 North Fourth street, at 5 o'clock. The newly married couple have the best wishes of their friends.

MYERS-KENDALL.

Mr. Robert Lee Myers, a popular glassblower employed at the Everett glass works, and Miss Anna Pearl Kendall, a well known young woman of this city, were married on Wednesday evening. The ceremony was performed by Squire Lake at his residence, 79 Cedar street, about 7:20 o'clock. Mr. and Mrs. Myers will reside on North Clinton street.

SHRIDER-PATTON.

Miss Hazel Ruth Patton, daughter of Mr. and Mrs. Thomas Patton of Homer, and Mr. Guy L. Shrider of this city, were married at the home of the bride Wednesday evening, at 7:20 o'clock. Rev. Boyd Gay of Utica officiating. Mr. Shrider is the son of Mr. and Mrs. John Shrider of Hudson avenue, and is employed at the E. H. Everett gas station. Mr. and Mrs. Shrider will reside at the home of the bride's parents at Homer for the present.

NATURAL GAS NOTES

(Utica Herald.)

The Hugh Miller well northeast of Martinsburg makes a little oil.

The report that the McKeen has purchased the product of the Homer Co. is perhaps not true.

Wm. Morey shot the Hays well west of Martinsburg Friday for the McKeen company. He used 30 quarts of glycerine. The well showed about a million and a half of gas.

The Utica company well started on George Sperry, last week, went crooked at 190 feet. The rig was shifted Monday. Bed rock was found near the surface, requiring only 23 feet of drive pipe.

The piping of St. Louisville and the construction of a pipe line to that place from the Lock and Keeley wells, is to be done by the Crawford company which is one of the Ohio Fuel Supply company's children.

Everett recently leased the 400 acres of the Wheatcraft heirs in McKean township. The rental is said to be the price of five wells, whether drilled or not. It was the largest block of land unleased in the township.

The Upham Gas Co. incorporated under the laws of West Va., capital stock \$100,000 has been admitted to do business in Ohio, at Mt. Vernon, with L. C. Stillwell as agent. The new facilities there will be supplied with gas.

The Crawford line from the north edge of McKean township, through St. Louisville to the Ohio Fuel's Zanesville line, will make several miles of supposedly good territory available for drilling when wanted—if the right parties get the leases.

The Upham company drilled in their second well Saturday afternoon. They do not tell its volume, but they appear satisfied. The well is on the Johnson farm 2 1/2 miles this side of Mt. Vernon. Four millions will be a close guess on it. The Upham company Shinnabery well is down about 700 feet.

The Logan company's No. 2 on the Chambers farm now owned by Samuel Dehout, was finished by Schler Monday, and it proved to be absolutely barren. There was only a trace of sand. This well is a short distance northwest of Hunts. No. 1 on the same farm is a small producer.

A heavier pump having been installed the pumping of the product of the Tisseran oil well near Greersville, a mile over the hill to the railroad, was begun Sunday. In two hours 140 barrels were pumped over from the tank. There is gas enough to cause the oil to flow into the tank from the Clinton sand 2900 feet deep—about 15 barrels a day.

Wm. Morey on last Friday made the largest shot that he has ever made in this field except the dry hole at Darlington 30 miles north. Friday's shot was in the Homer company's Isaac Miller well 2 miles north east of Martinsburg, and 140 quarts of explosive were used. The well was an old one which originally made a million and a half of gas, but had given out. The tubing was drawn, and as there was a quantity of oil in the hole, it was given a heavy shot as an experiment. No very great results were secured. The quantity of oil will not justify pumping from the Clinton sand, probably about 2600 feet there, though the same amount might pay if found in Berea grit or 700 feet as it is in the Howard neighborhood.

LICKING.

A large number of our people are suffering with colds.

Wm. Lawyer and Charles Ruffner have been on the sick list. The latter is still confined to the house.

Otto McCarty, who has been having hemorrhages is very weak and in a critical condition.

Virtue Shannon of Newark visited her friend, Emma Ammentous, last week and both attended services at Licking Sunday.

Last week was notable for birthdays and birthday gatherings. Tuesday evening a number of the young people went to Newark in honor of Miss Laura Jones' eighteenth anniversary, giving her a surprise. She is a member of the senior class of the Newark high school. Ralph Buckland's friends gave him a surprise in the form of a masquerade, Wednesday evening at his home. It being his sixteenth birthday. He is also in the Newark high school. On Saturday the children, grandchildren, relatives and friends to the number of about forty gathered at the home of Mrs. E. R. Black to celebrate with her the eightieth milestone of her life. Many nice presents were given her and the day was spent very happily. Saturday evening a number of the young people from East Union and this place united in giving a surprise at the home of Mr. John Larimore in honor of the birthday of Mrs. Jessie Brown.

The special services conducted at Union by Pastor Eason of Granville and Pastor McCall of Licking closed last Friday evening with good results.

Harold and Ray McCall have gone to Noble county to spend Thanksgiving with their grandparents and other relatives. They took their guns along and will do some hunting by way of diversion.

The Woman's Circle of Licking church is planning to give an oyster supper at the home of Mr. and Mrs. Sanford Buckland, Friday evening Dec. 8. A cordial invitation is given to all.

Mr. and Mrs. Wm. Hand of Kirkersville, were the guests of his sister, Mrs. James Black Saturday night and Sunday.

No. 6, Baker is down about 1500 ft., the drilling having continued without interruption up to this time.

The friends of Mrs. Van Brunt near Millersport, Fairfield county, are pained to learn that her condition is very critical. Her disease is cancer and the physicians pronounce it incurable. She suffers much but bears it with remarkable patience and christian fortitude.

The friends of Stanley Keller and Miss Lola Forely were surprised last week when they learned that they had gone to Newark and been united in the holy bonds of wedlock, though many had been prophesying as much for sometime. They have the hearty good wishes of a large number of friends for a happy and prosperous life together.

Miss Louie Keller, who was threatened with typhoid fever is much improved.

Gladdy Baugher spent Saturday night and Sunday visiting her friend Leila Buckland of Hebron.

We are glad to learn that James Cox and family who recently moved to Newark have decided to return here to the house they occupied on the Sherman Reese farm.

Miss Tamsen Black who has been in Bucyrus several weeks employed as stenographer, came home last week to be present at her grandmother's birthday celebration and will remain awhile.

Business meeting of Licking Baptist church next Saturday at 2 p. m. The Lord's Supper on Sunday following morning service.

There will be preaching at Union next Sunday evening by Pastor McCall.

BRAVERY

Of Fishermen Saved Lives of Crews. Boats on the Rocks.

Duluth, Minn., Dec. 1—Dashed on the rocks 10 miles north of Two Harbors, the steel steamer George Spencer and her consort, the Amboy, of the Tonawanda Steel company line, are wrecks. Thomasville, a fishing village, was the scene of the disaster, and because of the bravery of the fishermen the lives of the crew were saved. The vessels were upbound for Duluth, loaded with coal. They left Buffalo Nov. 18 and were about 100 miles from Two Harbors when the storm struck them at dark Monday night. At 1 o'clock Tuesday morning they ran on the rocks, and for 13 hours the situation of the crew on the battered hulls was desperate.

Cincinnati, O., Dec. 1—The executive committee of the Ohio Life-Policy-Holders' association issued an open letter as follows: "In every county of this state local associations of policy-holders are being formed. When this is performed a state convention will be called to meet at Columbus. The convention will elect permanent officers and select committees to attend meetings of national companies and carry out the work of policy-holders of Ohio for 1934, and in this way the most adequate and influential men in the state will be sent to the annual meeting who will represent policy-holders in a legitimate and effective manner. The first election in the large companies occurs in April next. We have ample time to perfect a substantial organization to represent us."

Roman Catholics, flooded to West minister Abbey recently to visit the shrine of St. and the Confessor, who was canonized on October 13, 1911. All day long pilgrims were kneeling at the rail which surrounds the tomb and offering up prayers.

CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but get S. S. S. and write for our book and any mail order with a check.

WORK RUSHING ON NEW WATER WORKS

EXCAVATION FOR RESERVOIR IS BEING HURRIED BY THE CONTRACTORS.

Switch From B. & O. Track Has Been Laid to Power House Site—Big Force Working.

The work on the new water works plant north the city is progressing rapidly and local engineer Dutch who is in charge of the construction, is getting the new plant well under way. The excavation for the reservoir is far enough along that the foundation for the wall at one end of the opening is now being placed. The site of the new reservoir is over the immense spring which is to supply the water. The flow from this spring, which is bubbling up all around the work, is so great that an engine is required to pump the water to a higher level so that it will empty into the creek nearby, in order that the work may be carried on.

A long switch has been partly constructed from the B. & O. tracks to the site of the new plant. An elevated drive is also being used to connect the works with the wagon road. A large force of men are at work and the results are beginning to show so that a very accurate idea of the proposed plans can be gained.

GIRLS, IF YOU WANT TO MARRY

GO TO UTICA AND ASK FOR A JOB IN THE HERALD OFFICE.

Six of Editor Harris' Employees Wed in Few Years—Last One is Only Sixteen.

Utica, O., Dec. 1.—Sullivan Harriman, a tool dresser, son of Richard Harriman, and Miss Maud Dixon, a type compositor in the Utica Herald office—formerly night telephone operator at Utica, were married in Newark Saturday afternoon. On account of the youthfulness of the bride—who is but 16—there was a hitch in the securing of the license, and a delay until the young lady's father, William Dixon, could be sent for to file his consent to the marriage.

Mrs. Harriman is the second young lady who has married from the Herald office in the past six months and the sixth within a few years—the others being the Misses Maude Dove, Bertha O'Bannon, Zilpha Householder, Fannie Hall and Phila Edgar. The record is nearly equalled by Georgea Stones' house, five or six of his young men roomers having married in the past couple of years.

Adventist Church.

On Saturday evening, Dec. 2, Rev. F. C. Gilbert of South Lancaster, Mass., will speak in the Adventist church on Sixth street on the subject "Jewish Customs and Traditions." Illustrated with garments as worn by the Jews today. Sunday afternoon the subject will be "The Everlasting Gospel, What It Is," and Sunday evening "The Jewish Passover and its Meaning to the Christian Service." A regular pass-over will be spread.

Monday evening The Tabernacle of Israel and Its Relation to the Church of Today, will be the theme of study. This will also be vividly illustrated by charts and diagrams.

Mr. Gilbert was educated for a Rabbi, but accepted Christianity some years ago and has since devoted his life to the work of carrying the gospel of Christ to his own people, the Jews. These lectures are full of interest and valuable instruction for every one. No admission or collection asked.

Special for Saturday, Men's 39c. Heavy fleeced underwear, 25c. at Plaine's Department Store, West End.

HAS HE RESIGNED?

London, Nov. 1.—At the conclusion of the cabinet meeting this afternoon the rumor became current that Premier Balfour had decided to at once place his resignation in the hands of King Edward. The rumor lacks confirmation.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbald's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow back as ever. Even a sample will convince any lady that Newbald's Herpicide is an indispensable agent, and will not stain or discolor. Sold by leading druggists. Send for, in stamps for sample to The Herpicide Co., Detroit, Mich.

NEARBY TOWN NEWS OF LOCAL INTEREST

UTICA PEOPLE CONSENT TO THE CONSTRUCTION OF ROAD THROUGH TOWN.

Aged Woman Perhaps Fatally Burned—Rev. Mr. Pitkin's Farewell Sermon.

Utica, O., Dec. 1.—Signatures of property owners along Main street have been taken in the past week to permit the construction of a trolley line on this street. A sufficient per cent of the frontage is said to be secured. If council gives a permit on terms that the company considers reasonable, it looks as though the line would come through town instead of putting its station across the creek as was planned, to save two bridges.

An enthusiastic meeting was held at Brandon in the interest of the traction right of way. Vice President Wilson and others of the company were present. The farmers are working with energy to pull the road their way.

Woman Fatally Burned.

Zanesville, Dec. 1.—Aged and unable to help herself, Mrs. Marilda Howard, aged 88 years, at present residing with her daughter, Mrs. Weller, near Rossville, was perhaps fatally burned yesterday, while sitting in front of an open grate fire. Her dress came in contact with the flame.

Very Spry at 89.

New Lexington, O., Dec. 1.—J. O. Riley, of Rehoboth, was in town on business Thursday. He is 89 years old but is as spry as many men of half that number of years. Mr. Riley informed the writer that he recently slaughtered two Chester white pigs, less than seven months old that dressed 530 pounds and wants to know if that is not pretty good for one of his age.

Newark Guests Present.

Utica, Dec. 1.—The out of town guests of Mr. and Mrs. Wilson's Thanksgiving dinner were Mrs. Norion, Miss Merion, Miss Ackley, Miss Knox, Mr. Prentiss and Mr. Jeffrey of Columbus, and Judge Rees and Mr. and Mrs. E. C. Wright and two daughters of Newark.

Tenth Wedding Anniversary.

Croton, Dec. 1.—Mr. and Mrs. L. M. Ogilvie celebrated their tenth wedding anniversary Thursday evening by inviting in a few neighbors and friends for the occasion. Those present were Prof. and Mrs. Pryor, Mr. and Mrs. J. C. Wells, Mr. and Mrs. Clay Montgomery, Mr. and Mrs. Geo. Larkin, Mr. and Mrs. Harry Graves, Mrs. John Warner, Mrs. E. W. Sturdevant, Mrs. Wm. Thrall, Misses Eva and Edna Thrall. All enjoyed a pleasant evening.

Wolfe-Kennedy Wedding.

Johnstown, Dec. 1.—Announcement has been made of the marriage of Harry Wolfe, son of Mr. and Mrs. James Wolfe of this place, to Miss Margaret Kennedy at Newark Tuesday evening. The happy young couple will at once begin housekeeping on Granville street, Newark.

Farewell Sermon.

Johnstown, Dec. 1.—Rev. F. W. Pitkin will preach at the New Way Universalist church, Sunday, December 3, morning and evening. These services will close a ten years pastorate at the New Way church and will be in the nature of farewell services this being the last time he will occupy the pulpit at this place.

President Roosevelt and family spent Thanksgiving at Plain Dealings, their country home in Virginia.

It is understood in London that the Balfour cabinet will resign.

COMRADES MEET IN ZANESVILLE

AFTER SEPARATION OF FORTY-ONE YEARS NEITHER KNEW THE OTHER.

Bladensburg and New Lexington Veterans Had a Happy Thanksgiving Day.

There was one Thanksgiving celebration in Zanesville yesterday that was out of the ordinary.

Two grizzled veterans of the civil war met there by appointment for the first time in 41 years, and it goes without saying that they celebrated Thanksgiving as never before.

The participants in this reunion and celebration were A. D. Holcomb, of New Lexington, Perry county, and Henry Layton of Bladensburg, Knox county.

During the mighty conflict of the civil war they were comrades in Company G, 64th Ohio Veteran Volunteer Infantry. Forty-one years ago Thursday they were in the thick of the terrible battle of Franklin, Tenn. A few months later they separated at the yellow fever hospital at New Orleans. Captain Holcomb being brought home more dead than alive. Their meeting Nov. 30 was the first since that separation.

Both of them were quite young when they answered their country's call, and despite their intimacy in camp and on the battle field, they had changed so much in appearance that neither knew the other when they met. When the recognition was complete, however, they fell on each other's neck and hugged each other like long lost brothers.

A part of the afternoon was spent by these old comrades at the Zanesville Times-Recorder office, where they recounted many thrilling experiences of the times that tried men's souls and which demonstrated that both of them were as true as steel.

Each of these gentlemen now enjoys an honorable and prominent citizenship in their respective localities and each is justly proud of his proven loyalty to his colors and his country.

Mr. Layton, until seven years ago, was a resident of Madison township, Muskingum county, where he still has numerous relatives.

VINCENT CARR

One of the Advocate's Bright Carrier Boys Falls From Fence and Breaks his Arm.

Vincent Carr, the little son of Mr. and Mrs. John Carr of 495 North Fourth street, fell and broke his arm at the elbow, yesterday, while attempting to climb over a barbed wire fence. He and some of his little friends were out hunting when the accident happened. He was brought home and Dr. Stedem was called and reduced the fracture.

Vincent is one of the Advocate's popular carriers and it will be some time before he can resume his duties.

PRESIDENT MITCHELL ILL.

Indianapolis, Dec. 1.—President John Mitchell of the United Mine Workers, is on the way to his home, Spring Valley, Ill., suffering from an acute attack of stomach trouble, which affected his heart. He was taken ill on a train returning to Indianapolis from Pittsburg. Believing he would be able to resume the journey, Mitchell kept the knowledge of his illness from the members of the national executive board gathered for their meeting here.

Frank M. McCarthy was re-elected chairman of the Ohio Prohibition executive committee.

Sore Throat Wisdom

If every mother could realize the real danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it.

Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Group, Quinsy, Tonsillitis or Diphtheria, and is not removed from that danger until the throat is cured. Think of it! Medicines or outward application of liniments do not and cannot cure the ailment, though they may cure temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure.

To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the slitch in time.

Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked bottle with the 25 or 50 cent sized bottle when you go to the drug store to get it.

An Insurance Case.

In the case of Arlington C. Nessby vs. the Anchor Fire Insurance Company, the plaintiff has filed a motion in the Common Pleas Court wherein he asks the court to require the defendant to produce a certain writing delivered to it by the plaintiff on or about November 25, 1903, being proof of the plaintiff's loss. The defendant is also asked to produce another paper signed by plaintiff and delivered to defendant, the purport of which was to give defendant an opportunity to examine into the circumstances connected with the loss or fire, and which is a matter of controversy. Smythe & Smythe and Kibler & Kibler, attorneys for plaintiff.

Tip O'Neil Case.

There was filed Friday in the clerk's office the indictment in the case of Ohio vs. James, alias Tip O'Neil, Peter Mathias and John O'Brien, alias Judge King, found by the grand jurors of Franklin county, charging the defendants with attempting to convey things into the jail at Columbus to facilitate the escape of Frank Conrad. Conrad was charged with killing Dan Davis. The things alleged to have been conveyed into the jail are: One pint of nitro glycerin, one dozen steel saws, ten feet of fuse, one sack of fuse caps, one piece of fuse with caps attached; one 32 calibre revolver, loaded; 5 rounds of cartridges; one ball of soap, etc.

The defendant asked for a change of venue, and the case has been sent here for trial.

In Common Pleas.

In the case of William Frickbone vs. Frank Patrick, the jurors returned a verdict for plaintiff. The action was brought to determine the right to the possession of two horses. Smythe & Smythe, Murphy (Columbus), Moore.

Plaintiff claimed in his petition that he was the owner of and entitled to the immediate possession of the horses, and that the defendant detained from plaintiff said property.

Answer in Divorce Suit.

In the case of Stella S. Van Fossen against Charles C. van Fossen, suit for divorce, the defendant has filed his answer. He says that on February 6, 1905, his wife, without cause, left him, taking their child. He denies all the charges made by his wife, and says that the value of his farm will not exceed \$5,000 and that his personal property does not exceed \$1200 in value. He asks that his wife's petition be dismissed and that he be given the custody of the child. Kibler & Kibler, attorneys for the defendant.

Engineers and Rate Legislation.

Cleveland, O., Dec. 1.—Grand Chief Warren S. Stone of the Brotherhood of Locomotive Engineers, who announced in Buffalo a day or two ago that the Brotherhood of Locomotive Engineers would be active in the matter of railroad rate legislation, said with reference to the plans of the organization that the officers will outline certain views which will be communicated to subdivisions, and from there the work will go to members of the organization. Mr. Stone added that the matter will be done in secret. The public will not be informed to any degree as to whether the position will be for or against legislation to regulate rate-making.
